

MAXIMUM TRAVEL RS5000™

FOR TORSION BAR LEVELING KITS

Rancho® now offers maximum travel RS5000™ shock absorbers specifically designed to fit torsion bar leveling kits with up to 2.5-in. of lift and 35-in. tires. Don't sacrifice ride quality and suspension travel by extending the length of your stock shocks! Rancho® RS5000™ shocks provide rugged performance for work or play, on- and off-road, delivering a smooth highway ride and trail grabbing, off-road control.

MAXIMUM TRAVEL RS5000™ SHOCK ABSORBERS

FEATURES

- Extended length design
- Tuned for up to 35-in. tires**
- Ten-stage velocity sensitive valving
- 5/8-in. diameter piston rod*
- 1 3/8-in. diameter piston*
- Protective boot included
- Limited Lifetime Warranty

**Select applications*

BENEFITS

- Ensures proper fit and suspension travel
- Enhances ride quality and performance**
- Provides tuning specific for each vehicle
- Adds strength and durability
- Ensures performance in any environment
- Protects the shock rod and oil seal
- Guarantees your investment
